

ACCOMMODATION 2021

Status: 08.11.2021

Dear Guest!

We are very pleased that you have decided to stay with us. As your host, we have prepared ourselves well and have taken numerous measures so that you feel comfortable. Together with your responsible behavior, nothing stands in the way of a safe and carefree holiday.

We have summarized the most important recommendations, such as keeping distance, wearing a mask in public areas, washing and disinfecting your hands, not touching your face, or sneezing or coughing in the crook of your arm, for you.

Should you feel ill before your arrival, should there be a suspected case or should you be the contact person for a confirmed case, we ask you not to travel for your and our protection and to visit us at a later point in time after the symptoms of the illness have subsided. If symptoms occur during your stay, please stay in your room and contact our reception. We will then immediately contact the health authority or the medical officer for further instructions, which must be followed.

If you have further questions, please don't hesitate to contact us. We wish you a safe and wonderful stay with us.

Your team of the
1200 Vienna
